**Community Health Free Clinic**

Health &  
Dental Care  
Is a Right  
Not a  
Privilege

**July 1, 2005 - June 30, 2006**  
**Annual Report**

**Thank you for recognizing America's greatest problem, the uninsured and the underinsured.**

## Letter from the Board President

William B Galbraith, MD

This Annual Report provides an opportunity for me to thank you who play a role in the work of Community Health Free Clinic (CHFC); whether your role is volunteering in the Clinic, giving financial or collaborative in-kind gifts or that of a trusting patient utilizing the free services offered. Each free clinic needs volunteers, patients and a board of directors to arrange needed resources. CHFC has all three components engaged, thanks to volunteerism and philanthropy in a caring community. Elsewhere in this Report you will find statistical information and descriptions covering accomplishments and stewardship.

Currently it is estimated there are 46 million Americans without health insurance; one million more than a year earlier. A third of those without are age 21 to 24, more than any other demographic, and a quarter of those age 25 to 34 do without. Attention to recent college graduation events reminds me there will be many new graduates without any insurance coverage. CHFC will be prepared to help, especially with costly medication. In 2005 there were 108 million children and adults without dental insurance. Dental disease begets pain, other serious diseases as well as triggering psycho-socio-economic burdens for those unable to afford basic dental care. CHFC's Dental Clinic is delivering rescue care for hundreds of patients.

CHFC's Board of Directors and Advisors is now at work on a Strategic Plan for 2007. It is certain that we have two serious threats to maintaining current services for 12,600 patients, let alone a projected expansion. Adequate numbers of volunteer primary care physicians and dentists is the Clinic's current most serious threat. The second threat will be adequate funding to meet projected growth in operating expenses. We must depend on altruistic volunteers plus generous donors to meet our mission: To provide medical and dental care to the uninsured and underserved of East Central Iowa through model community partnerships.

The Board and its Advisors would wish to join me in heartfelt thanks for each of you who help strengthen CHFC's presence and services. We really do rely on your continued support!

William B. Galbraith, MD  
President, Board of Directors

## Core Values

- We believe that inability to pay should not prevent people from receiving medical and dental care.
- We believe that all persons deserve to be treated with dignity, respect and compassion.
- We believe that community-based planning, governance, collaboration and funding are critical to the delivery of health care to those in need.
- We believe that volunteerism is essential in accomplishing our Mission.
- We believe that good stewardship of resources means obtaining donated equipment, supplies and services whenever possible, as well as avoiding duplication in delivery of care.

## Community Health Free Clinic Letter from the Clinic Director

**Darlene Schmidt**

The purpose of this letter is to inform you of some changes that have occurred at the Community Health Free Clinic during this past year. I am so proud of our accomplishments and the way our community supports our mission.

- In cooperation with the city of Cedar Rapids we were able to increase parking spaces by fifty. (Searching for a parking space and not feeling well doesn't mix).
- The clinic increased primary care hours by approximately six hours per week, and the impact has been significant. The anxiety of "not being seen" has been eliminated; and the waiting lines when we open the doors have been reduced from 20-30 patients to fewer than 10.
- A patient survey was conducted in February 2006. It confirmed that our patient wait time has been reduced to approximately 30 minutes.
- The clinic's Full Time Equivalent (FTE) staff was increased from 2.5 to 4.3. Next year we plan to increase our FTE to 7.0 to accommodate the explosive growth in patient count. Now, with a professional paid staff, for the first time in years, I feel comfortable when I am away from the clinic knowing that our patients and walk-ins will be taken care of. (It couldn't have come at a better time. Lee and I are expecting our first grandchild in July... Sadie Grace. We are determined to become a part of her life!)
- In February of 1999, The Big Dream started after reading this quote. "Dream a Big Dream, Make it a Memory of the Future and Expect a Miracle." Joe Tye

We depend upon the support of the community to keep the CHFC a "Life Saver".

- We would be pleased to visit with your friends or organizations about the clinic's work. Please call me either at Work 363-1626 or at Home 377-2651 or e-mail me at Sdarlene1@aol.com;
- Designate the Community Health Free Clinic on your United Way contribution cards and urge your friends to do the same;
- Donate "In Honor Of" or "In Memory Of";
- Please use the enclosed envelope;
- Visit our Web site: [www.communityhfc.org](http://www.communityhfc.org) to donate on line.

I like to use a quote to close my annual letter. This year's quote is from our very own President of the Board of Directors, William B. Galbraith, M.D. He said, "**Limiting access to care is not a satisfactory option**".

I hope you will enjoy reading this Annual Report. Please contact me if you have any questions or concerns.

Thanks for all the volunteer hours and in-kind help. Thank you also to all our community partners and donors.

In Friendship and Appreciation to each of you,

Darlene Schmidt

Advocate for the medical needy since 1995

## **Volunteer Health Care Provider Program**

The Community Health Free Clinic continues its enrollment in the state's liability insurance program for community health care facilities that offer free medical care. The state's program also offers liability coverage for professional health care volunteers that qualify. After one year, we now have close to 200 health care professionals covered by this free state program. The VHCPP provides legal representation by the Office of the Iowa Attorney General at no cost to the Community Health Free Clinic or the enrolled health care professionals.  
Barb Schroeder

## **Strategic Plan**

The CHFC has an active strategic planning process. The first document was developed in 2002 as planning was developed for the new organization and facility. The original plan was useful in securing funding for the new and present facility as well as the operation of the Clinic. Initially, considerable time was spent with the Board of Directors in developing the Mission, Core Values, and SWOT (strengths, weaknesses, opportunities, and threats). The Plan is updated annually with the involvement of the entire Board and Advisors. It is believed that the Plan has been, and will continue to be, very helpful in continuing to meet the Mission of the Community Health Free Clinic. Tom Reed

## **Prescription Drug Assistance Program**

The Prescription Drug Assistance Program has fifty dedicated volunteers who help fill out forms to apply for medications and work with over fifty pharmaceutical companies. Each company has their own guidelines for acceptance and we are very careful to follow their requirements for eligibility. If the patient is eligible and accepted by the company we are usually able to obtain medication for one year at no cost to the patient. This past fiscal year we were able to obtain over \$3 million worth of free medications and each month we have additional patients seeking help for medication assistance. Medicare Part D (the new government program) is affecting the way we can help our elderly, but we stress that NO ONE needs to go without their medication.  
Sara Fishel

## **Community Resources Group**

The Community Resources Group fulfills needs of patients ranging from basic needs like food, shelter, employment, substance abuse referrals and HIV+ support groups to relationship counseling, depression, anger management and all manner of human needs. Our patients receive long term care and funding through the Abbe Center and MHDD. There is no "typical patient" for us, every day is different. There is one volunteer psychiatrist who assists this group. Nancy Ziese

## **Dental**

Dental treatment needs continue to grow at CHFC. Volunteer dentists are treating in excess of 100 patients a month and performing over 200 procedures monthly. The focus of treatment has been on the urgent needs of the patient population, including dental infections, acute pain and trauma. Additional in-house volunteer dentists are needed as well as dentists willing to offer "In Kind" services at their offices. We encourage each of you to support CHFC by asking your dentist to help the clinic in our endeavors to assist the needy of our community.  
JoAnn Wahle

## Community Health Free Clinic Technology Committee

A basic concern of the CHFC is to provide as much time caring for our patients as possible. It is the task of the CHFC Technology Committee to look at ways of improving the efficiency in handling the background tasks of the Clinic. This is done primarily by using new technology to keep track of patient's data and clinic information. CHFC has a fairly sophisticated network that includes data collection and handling, e-mail, a website and internet access. The system also tracks our volunteer activities and clinic financial records.

Please checkout our website at [www.communityhfc.org](http://www.communityhfc.org) on the web. If you would like to get current information about the CHFC, we can add you to our e-mail list. Please let us know by sending a message to [info@communityhfc.org](mailto:info@communityhfc.org) . Terry Lamb

## Clinic Education

Local Colleges, Universities, and High Schools also play an important role in CHFC services. We welcome every opportunity for students to rotate through our clinic under the guidance of professional volunteers.

## Community Health Free Clinic Personnel Information

July 1, 2005 - June 30, 2006

Darlene Schmidt, CEO/Clinic Executive Director

**Phone: 319.363.0416**

52401**

### Staff Positions

**Nurse Practitioner:**

Jane Deets, Susie Scott, Rebecca McDowell

**Nurses:**

Joyce Vick, Karen Lint, Cheri Hawthorn

**Pharmacy Tech:**

Coleen Stevenson, Ian Hicks, Cheri Hawthorn

**Prescription Program:**

Janet Maloney, Linda Kaas, Cheri Hawthorn, Petrina Levy

**Phone:**

Alice Allum, Mary Brent, Petrina Levy, Cheri Hawthorn

**Volunteer Assistant:**

Connie Randall, Linda Kaas, Cheri Hawthorn

**Dental:**

Angie Weiland, Dental Assistant, Kris Grimes, Dental Assistant

**Total Hours Worked: 9,055.64**

(Represents 4.3 full time equivalent personnel plus CEO)

## Patient Statistics

As of January 2006 our information technology made it possible to identify specific Patient count and services those folks received each month. When the books were closed on June 30, 2006 we had 12,600 Patient records. Yes, some have private physicians, others may have moved, but this shows the magnitude of patients that need our help.

<u>Date</u>	<u>Specific Patient Count</u>	<u>Total Services</u>	<u>New Patients</u>	<u>Yearly New Patient Count</u>
Jan-06	1,518	2,686	244	03-04 2,918
Feb-06	1,530	2,626	284	04-05 3,094
Mar-06	1,621	2,902	333	05-06 3,088
Apr-06	1,498	2,513	227	
May-06	1,608	2,908	316	(Figures to the left represent 6 months data.)
<u>June-06</u>	<u>1,633</u>	<u>3,035</u>	<u>342</u>	
Totals	9,408	16,670	1,746	

Other facts about our patients:

- 62% of CHFC patients are between 24 and 54
- 48% of CHFC patients are disabled or unemployed
- 1% of CHFC patients are of Asian ancestry
- 2% of CHFC patients are of Hispanic ancestry
- 12% of CHFC patients are Black
- 81% of CHFC patients are White
- 94% of CHFC patients earn less than \$25,000/yr
- 6% of CHFC patients earn more than \$25,000/yr

CHFC serves the needs of:

- men, women and children who need life-supportive medications
- children who are ill or simply need required physical exams for school
- patients who work, sometimes two jobs, to provide for their families, but cannot afford the cost of medical insurance
- people who cannot afford treatment for a serious chronic disease or chronic pain
- women who cannot afford yearly check-ups or mammograms

## Total Value of Medical Services

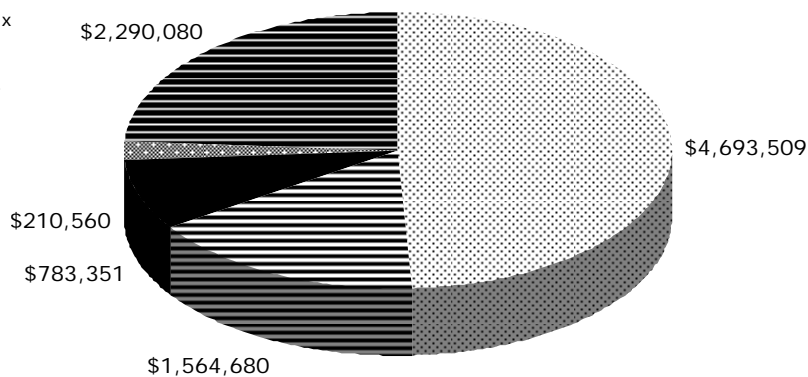

∴ Prescription Medications: Paid by CHFC to outside pharmacy \$88,736; donated and dispensed In house \$1,465,008; Prescription Assistance program \$3,139,765. Equals \$4,693,509.

▣ Patient Visits. The cost of an average doctor's visit in the Cedar Rapids area is \$85 x 18408 = \$1,564,680. If not provided by CHFC, other community & government resources would be underwriting these costs.

■ In-Kind Services. Donation of medical & non-medical supplies, \$783,351.

▣ Dental Patients: 1,316 x \$160 (value per patient) = \$210,560

▣ Medical volunteer hours. Value = \$2,290,080

## Efficiency of Contributions

<u>Total cash income</u>	<u>% to administration costs</u>	<u>% to fundraising</u>	<u>Patient services</u>
\$562,849	5.1%	5.2%	89.7%

Total expenses for the year were \$466,681. This includes a charge of \$56,932 for depreciation.

## Year-end Financial Report

There is much to be grateful for as we complete our third full year since the Community Health Free Clinic was established. We thank Zach and Kim Johnson and Aegon USA for their leadership in the *Birdies That Care* Campaign which raised funds to provide care for children; we continue to be able to use a very significant portion of the funds we are given throughout the year to provide needed services because of the generosity of the Hall-Perrine Foundation in the gift of our beautiful facility; and the dedicated work of our volunteers and gifts-in-kind have a value to our community of **\$9,542,180**.

Each donation to the Community Health Free Clinic is appreciated and valued, and our ability to provide care depends upon the many individual contributors as well as church and corporate sponsors. We also wish to recognize the significant “in-kind” contributions from the past year that totaled over \$500,000:

Mercy Medical Center, St. Luke’s Hospital, Fifth Ave Pharmacy, Reutzell Pharmacy, Clarks Pharmacy, “A” Avenue Pharmacy, Hy-Vee Pharmacy, Medical Pharmacy, Radiology Consultants of Iowa, Cedar Rapids Oral Surgery, Robert Barry, MD, Larry A. McCray, DDS, Iowa Eye Center, McLeod USA, Elderkin & Pirnie, Dr. Donald Johnson, Dr. David Knutson, Christ Episcopal Church, Fittings Unlimited, Weland Clinical Laboratories PC, Linn County Health Department, Linn County Anesthesiologists, Beamer Breiling, MD, Gehring Orthodontics, PLC., Greater Cedar Rapids Community Foundation, Group Specialists, Inc., Masimo Radical Signal Extraction, Culvers Lawn Service, Hills Bank & Trust, Dr. E. C. Primmer, Dr. John Wollner, St. Luke’s Home Care, Dental Prosthetic Services, Especially for You, United Heart Associates, Fifth Ave Medical, Radiology Consultants, React Center, Cedar Rapids Friends of the Public Library, Aegon USA, Marion Physical Therapy, The Cedar Rapids Hearing Center, Jane Boyd Community House, Four Oaks, Inc., GE Capital, The Linn County Medical Society, The Flamingo Group, Inc., Coldwell Banker/Hedges Realty, Saxton, Inc., Jim Johns, MD, The University of Iowa Sterilizer Monitoring Program, Morgan & Morio OMFS, Jim Schuller, DDS, Lindsey M. Brown, DDS, and Drs. Berkhof, Waste, & Tyler General Dentistry.

Because we foresee continued growth in the need for the services provided by the Community Health Free Clinic, we ask for your continued help with operating costs so that our volunteers and staff can provide medical and dental care for the uninsured and underserved of East Central Iowa. If you are interested in reviewing our complete financial statement please contact us.

Diane Northway, Treasurer
