

# STAY THE COURSE

# Stay the Course

Privatization of Iowa's Medicaid programs, rising prescription drug prices, and an election where the repeal of the Affordable Care Act was a major talking point were just a few of the political healthcare issues that we heard about in 2016.

Although, Community Health Free Clinic's staff and governing board continue to plan on how these issues may impact how we provide our services; we are staying focused on our mission **to alleviate human pain and suffering by providing access to and delivery of compassionate healthcare.** We will continue to stay the course and to take care of people as they come through our doors regardless of the political landscape outside them.

We will continue:

To provide free medical, dental, vision and prescription services, like we did this last year for over 4,700 individuals without access to or the ability to pay for healthcare in our community.

To partner with other healthcare providers and organizations to help us care for the people we serve. This year that amounted to more than \$2.1 million of in-kind services and materials.

To work with our volunteers who provided over 12,500 volunteer hours for medical services, administrative support, governance and fundraising support.

To help those patients who can't afford the medications they need. This year we provided over \$2.7 million in free medication.

To ask for the financial support of our community. This year our community supported us with over \$750,000 to provide for those in need.

Thanks to the donors, volunteers, partners, and staff on the following pages, Community Health Free Clinic will continue to stay the course and provide free medical, dental, vision, and prescription services to uninsured and underinsured patients in our community. We will also be ready to respond to whatever changes might happen that will affect people in our community's ability to receive healthcare.

Thank you for your continued support of our mission; please consider using the enclosed envelope so that we may continue to help people in our community who are most in need.

## Bronze Partners (\$1 - \$999)

AmeriCares  
Boyson Dental  
Call George  
Dental Prosthetic Services  
Dermatology Clinic of Iowa, PC  
Document Destruction  
Google  
Hawkeye Fire and Safety  
Port O Jonny, Inc.  
Schlotterback Photographics  
University of Iowa Sterilizer  
Monitoring Program

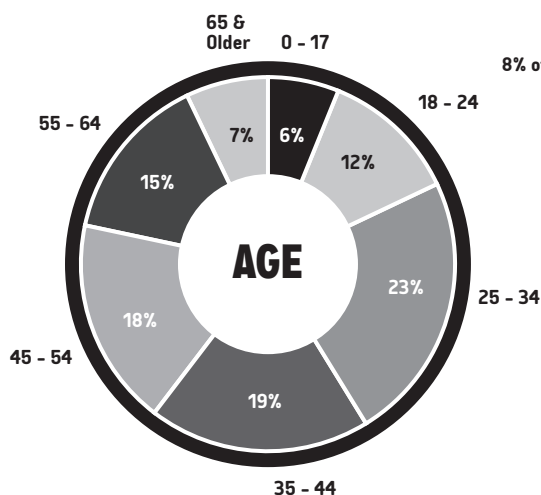

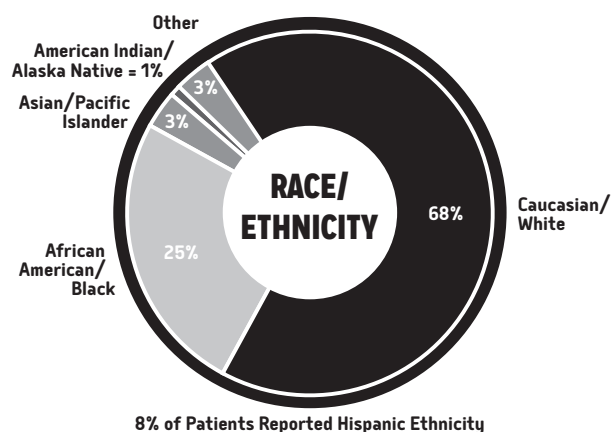

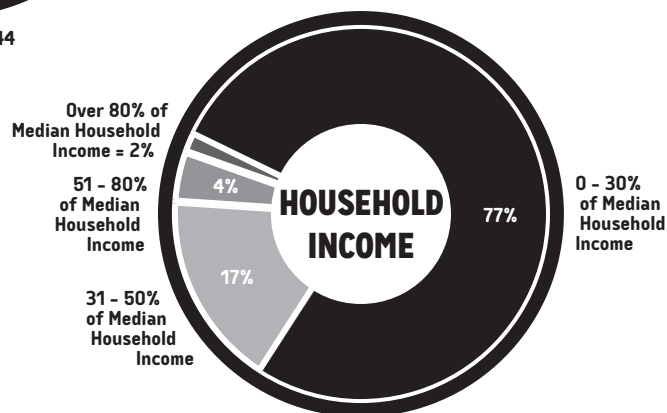

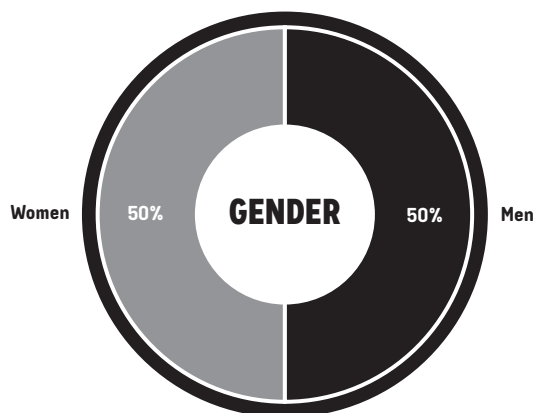

# Patient Demographics

Nearly 100% of our fiscal year 2016 patients had an income **well below the median household income** for Cedar Rapids.

A family of four with an income below 30% of the median makes less than \$22,850 a year.

4,761 unique individuals were seen in fiscal 2016

Household incomes are based on Area Median Income provided by the U.S. Housing and Urban Development (HUD) Department

# The Galbraith Schmidt Society

**In 2009, Community Health Free Clinic established The Galbraith Schmidt Society to honor the individuals, families, businesses and organizations who have made a gift of \$5,000 or greater to an endowment fund benefitting Community Health Free Clinic or have included CHFC as a beneficiary of their estate plan in the same amount.**

# In Honor

Each year, we receive gifts from donors honoring people who played a major role in their lives.

We are pleased to gratefully acknowledge the generosity of contributors as well as those lovingly remembered.

# Stay the Course

## Mission

To alleviate human pain and suffering by providing access to and delivery of compassionate healthcare.

## Vision

A collaborative network with healthcare for all; connecting patients with providers and increasing access to medical homes.

## Core Values

### Healthcare

Inability to pay should not prevent people from receiving healthcare.

### Respect

All persons deserve to be treated with dignity and respect.

### Collaboration

Community partnerships, volunteers and paid staff are essential to accomplish our mission.

### Stewardship

Effective utilization of resources permits us to assist more people.

### Education

Promoting patient education and healthcare system awareness facilitates improved health and utilization of resources.
